NMC Project Will Honor Charlotte Schultz

Many of you have previously made donations as a tribute to Mrs. Charlotte Schultz ’77 Honorary, and we are excited to announce our utilization of those funds for a very special project. Thanks to the dedicated efforts of our Vice President for Student Affairs, Dr. Kris Hess, ’06 Honorary, and her committee, construction will soon begin on an innovative approach to enhance our students’ learning experience.

Known as a learning commons, the College will be renovating targeted areas on campus to better respond to the needs of today’s students. The learning commons will combine the full resources of the John Moritz Library along with a range of academic support services, thus providing a continuum of services in a one-stop shop model. Additional quiet and collaborative study spaces will be infused along with an exciting new coffee bar. The project will create an inviting new hub for our students.

I am very pleased to announce that in recognition and honor of all she has done for the School of Nursing and the College, the area will be named The Charlotte Schultz Learning Commons.

As always, you are invited to visit NMC to see what is happening at your alma mater!

I look forward to seeing you around campus in 2011 and at alumni events as well. My best wishes to you and yours for a happy holiday season and all the best in the New Year.

Be an “Angel of Care” to Students in Crisis

Each year at the Alumni Association Christmas Celebration, there is a beautiful little Christmas tree decorated with crystal angels and hearts. The “Angel Tree” is present to receive financial gifts for The Student Crisis Fund.

The Student Crisis Fund provides financial support to current NMC students in desperate financial situations. Students are referred by faculty and staff for this assistance. Bills eligible for consideration are those that directly support a student’s ability to continue his/her education, and checks are always made payable to the creditor.

Some examples of assistance provided by The Student Crisis Fund include helping a student who had a house fire and lost all her possessions. Another student suddenly became the custodial parent of her teenage sibling. The fund also assisted a student with a diabetic pump, who while trying to work out issues with her insurance, did not have the money to pay for diabetic supplies.

Without The Student Crisis Fund, these students might have dropped classes or even dropped out of school entirely. By making a gift to this fund, you become an “Angel of Care” to students in need.

If you would like to make a donation to The Student Crisis Fund, please call Methodist Hospital Foundation at 354-4825, and we will be happy to assist you.
